1. The attached memorandum was initiated within this division as a result of some excellent work done by your organization. I have reviewed the referenced material and agree wholeheartedly. NPIC is to be commended for its development and use of this format, and I should like to express formally our appreciation of the quality of these replies. There is no question that they will be of great value in the preparation of NIE 11-8-63.

2. I understand that [] are the photo interpreters responsible and would like you to convey our appreciation to them and to the graphics people who assisted.

MEMORANDUM FOR: Chief, Military Economics Division, ORR

SUBJECT: NPIC Response to C-RR3-80,424 and C-RR3-80,425
(NPIC Projects J-120-63 and J-255-63 Respectively)

This branch has just received NPIC answers to two of our requirements submitted in connection with NIE-11/8-63. Their format and content are of outstanding quality and should prove of great value in our analysis of the Soviet ICBM program for NIE-11/8-63. By means of a concise tabular textual format and a series of transparencies for each coverage of each launch area, NPIC has provided what is probably the clearest possible base of information concerning the development of a group of launch areas. This has resulted in the most effective response to a requirement directed at ICBM launch area construction received by this branch to date.
